Publication Stage :

(B1) U.S. Patent (no pre-grant pub.) after Jan. 2, 2001

Abstract :

A method for determining the ion channel activity of a substance
comprises the steps of (i) expressing the substance as a heterologous
protein in a host cell, and (ii) determining changes in permeability of
the plasma membrane of the host cell induced by expression of the
heterologous protein. A screening method for determining ion channel
modulating activity of a test substance is also disclosed.
